# Simple steps to the perfect home.

## Step One – Consultation & Visualisation

A dream home is made of many smaller building blocks. We get down to the heart of the matter and simulate the home by understanding your vision for the space.

## Step Two – Core & Shell Designing

The first step in designing a home is bringing together architecture and interiors. We bridge the gap between the two, and establish the canvas for the next phase.

## Step Three – Fitouts & Furniture

Perfection is in the details, and the details lie in everything from the handles on your doors, to the sofa in your living room. We also create or recreate bespoke furniture to make the space truly your own.

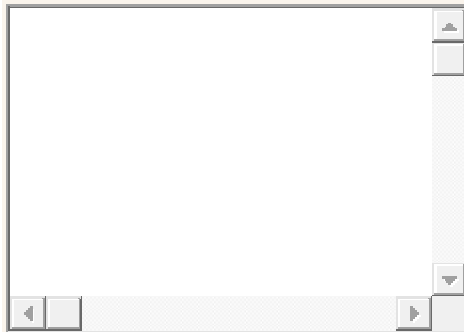

## Step Four – Styling & Decor

From mid-century modern to bohemian chic, we understand your design aesthetic,
